INTRODUCTION

Holt Architecture is a multi-faceted professional architectural firm offering a complete range of architectural, planning and construction administration services. Our firm has been in continuous operation since 1983 and has served a variety of clients and project types throughout Riverside, San Bernardino and Imperial Counties.

Holt Architecture has established our reputation based on a distinctive combination of consistent creative design excellence and efficient project execution. Our firm is extremely conscious of the environmental and climatic conditions and, in the interest of conservation, we incorporate passive and active energy saving systems whenever possible. Our office is fully committed to the state-of-the-art computer automation processes and we remain strongly committed to the principle that each project must be technically sound, aesthetically pleasing and economically feasible.

Holt Architecture has provided services for civic, law enforcement, K-12 education, higher education, religious, medical, youth, detention, animal care, fleet services and laboratory facilities. We have established our reputation based on a distinctive combination of consistent creative design and efficient project execution. Our specific goal on each project is to perform the best possible professional services, striving for design excellence, economy, efficiency and flexibility.

We look forward to the opportunity to discuss your future project needs with you.
